

*Fighting for the Independent U.S. Cattle Producer!*

## Membership Application

Recommended by Darol Dickinson

Share this form with other cattle producers, and beef consumers in your area!

### Why Should You Invest \$50 to Join R-CALF USA?

- You will have more direct control over your U.S. cattle industry by supporting the organization that focuses national attention on what live cattle producers need to remain profitable and viable.
- You will have more influence over issues affecting your livelihood because R-CALF USA will inform you about the issues important to your industry and provide you with instructions on how to most effectively influence the outcomes of those issues.
- You will learn the cattle producers' perspective on important issues, rather than only the beef packers' perspective, so you can decide on your own what position would most benefit your cattle operation
- You will be able to direct what issues R-CALF USA fights for because you can vote on each proposed policy resolution through a mail-in ballot. (Voting is available only to members who own cattle).
- You will stand with thousands of fellow cattle producers so your individual voice will be heard louder than in any other organization.
- Your membership and your dues will help R-CALF USA attain the membership strength and money needed to reshape our industry by restoring competition
- Although R-CALF USA has come a long, long way in a decade, there's still plenty of work to do to return the U.S. cattle industry to the days when a producer could make a fair profit for his cattle. Your membership and financial contribution will help us get there.

Do you own cattle?                      Yes                      No

**R-CALF USA Membership:**

1 year                      \$ 50.00/member \_\_\_\_\_

3 years                      \$140.00/member \_\_\_\_\_
